ABSTRACT

Agro-Enterprise development emerges as a way forward for rural people to improve their standard of living. To enable farmers and rural entrepreneurs of the country to compete at the times of market liberalization and globalization by developing skills and competencies the sector in this article. It covers the entire limits of activities concerning supply of inputs, production, processing, transporting, and marketing of agricultural and related products. It crosses across various sectors and encompasses the institutions and businesses serving the agriculture, and forestry. This article about identify the agro-enterprises and dealers in Tamilnadu. Let we see in detail below.

Keywords: *Agro-Enterprise, Agriculture, Entrepreneurs, Farmers, Tamilnadu.*

INTRODUCTION:

Agro-Enterprises are no secret that development of agribusiness and the agro industrial sector is critical to sustaining the overall development of the economy (Edinam & Joshua, 2015). Agro-enterprises make important contributions to employment and income generation in developing countries. They have key roles in the production, processing, and distribution of food and fiber and are central actors in developing sustainable agricultural value chains. The economic performance of agro-enterprises - firm growth, profits, and market share - in no small measure depends on the environment in which they operate (Yoganandan & Vignesh, 2017). In most developing countries, agro-enterprises and in particular small and medium agro-enterprises

(SMAEs) face critical gaps in their day to day operations in terms of capacities, infrastructure, finance, market services, access to suitable and affordable technologies, and other requirements that need to be met in order for them to be viable and reliable chain partners (Foz, 2012).

MEANING:

Agro is a combining form meaning “field,” “soil,” “crop production”. **Enterprises** mean a business unit; a company or firm (Dictionary, 2017).

DEFINE ENTREPRENEUR:

Vignesh Tamilarasu defines, “Entrepreneur is a person who led the organization, lead the society, to lead the economic development of the country” (Yoganandan & Vignesh, 2017).

OBJECTIVES:

1. To identify the Agro-enterprise.
2. To establish the Agro-enterprise in other district.
3. To easily find the Agro-enterprise dealers.

The following table is an Agro-enterprises and Dealers of Tamil Nadu

Sno	Company Details	Address	Contact Details	License Authority /Membership	Crops Name
